MORELIA, MEXICO MARCH 10 - 14, 2027

THEPEOPLESRESET.ORG

WHAT IS THE PEOPLE'S RESET?

The People's Reset is a 5-day hybrid online and in-person gathering focused on promoting practical solutions, decentralization, permaculture, privacy, individual liberty, bodily autonomy, and freedom of choice.

From our humble beginnings of 80 people discussing solutions, we have grown to be a movement that attracts **400+ changemakers** annually to the in-person activation and our livestream regularly reaches **more than 10,000 viewers** and thousands more when the archives are posted and shared through our **60k+ email list.**

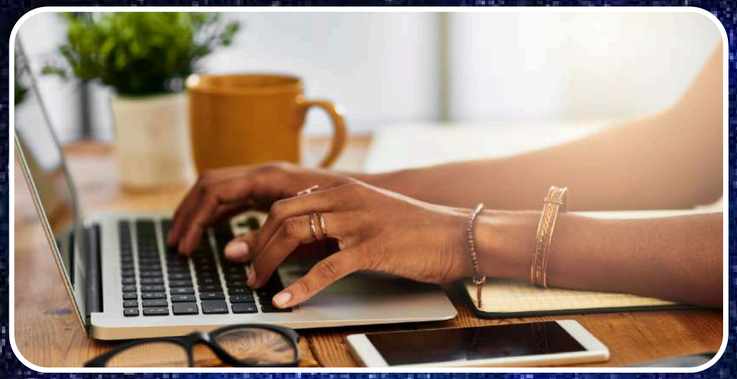

We are a movement which focuses on solutions because we know that we are here on this planet to effect real world change and leave behind a better world for the coming generations.

There was a real energy about The People's Reset that put me in a positive frame of mind and inspired me to keep things going after the event. It wasn't about hating other groups or divisiveness, but about personal responsibility and "being the change". The talks, workshops and evening events were stimulating, thought-provoking and fun and I've made lots of new friends. I can't wait for the next event.

— Natalie

It was a great event, the first time I have hooked up with so many like-minded people. It was encouraging to know that others are looking for the same things that I am and I left feeling full of possibility.

— Vix

This weekend was the most inspiring event I have been involved in. Having felt so lonely and isolated during covid as everybody thought I was crazy. It was so refreshing to feel part of a family of people who understood me and agreed with my beliefs.

— Al

THANK YOU!

We will gladly answer any questions you may have
and put together a package that best meets
your brand’s needs.
